STORM IN FLORIDA

Further Details of the Destruction Wrought by Hurricane Have Been Received.

NINE OF A CREW WERE DROWNED.

Two Lives Lost at Tampa and the Loss in Property is Placed at \$50,000.

It is Estimated That Half the Orange Crop Around Tampa and One-Fourth on the East Coast Has Been Cut Off.

Jacksonville, Fla., Sept. 15.—The wires south of Palm Beach and Tampa are still down and will not be in operation for a day or two. Further details of the destruction wrought by the hurricane have been received by mail and passengers on incoming trains. The steamer Ingham, of Liverpool, owned by the Inch Shipping Co., from Galveston, lumber and cotton seed meal, for Hampton Roads, went ashore near Boynton Friday night. The ship's steering gear broke and she floated at will, striking the beach with great force and breaking into three pieces. The captain, mates and 14 of the crew were saved. Nine were drowned, among them the engineer. The small boat with five men was battered to pieces by the waves and its occupants drowned. The schooner Martha T. Thomas, 750 tons, Capt. Watts, cargo of lumber from Apalachicola for Baltimore, was wrecked nine miles south of Jupiter. The schooner is split in half. The crew were all saved.

Grunbers' opera house at Palm Beach was partly unroofed, as were eight other business blocks, which were also damaged in other ways. All the boats on the Lake Worth water front excepting three were wrecked and sunk.

Two lives were lost in Tampa by the storm. Louis Baron, a cigarmaker who was struck by the falling cornice of a building, died the next day. T. Y. Hunnicutt, a motorman, met his death near the Cuesta Rey cigar factory in West Tampa. He received a shock from a live wire which proved fatal. In Ybor City several factories were badly damaged. The property loss at Tampa will reach \$50,000.

It is estimated that half of the orange crop has been cut off around Tampa and one-fourth of the east coast. There are no wires south of Tampa and trains are delayed. What has happened at Punta Gorda, Punta Russa and Myers is not known. It is reported that Punta Russa has been completely washed away, but no communication with the place has yet been possible.

Owing to the timely warning of the weather bureau all shipping remained in the harbor after Friday morning. It is feared that the schooner Eva J. Shenton, which sailed for New Orleans early Friday, has been lost. Much apprehension is also felt for the steamship Johnstone, which is reported to have sailed from Mobile for Tampa last Friday.

Middle and West Florida are entirely cut off from the outside world. A train which left here Monday morning for River Junction could get no further than Greenville. There is no wire connection beyond Drifton. Both these places are approximately 100 miles west of Jacksonville.

HEAVY SNOW STORMS.

Thousands of Cattle Are Freezing on the Northwestern Plains.

Chicago, Sept. 15.—Thousands of cattle and sheep are freezing on the plains of the northwest as the result of an unprecedented heavy snow storm for this season of the year. Railroad traffic is blocked by a snowfall of ten inches in the Dakotas, Colorado, Wyoming and Montana, and the entire British Northwest is prostrate in the grip of a frigid wave. At Cheyenne, Wyo., the lowest temperature prevails, 26 degrees being the minimum.

A PRINTER'S CONFESSION.

It Landed S. D. Dempsey in a Cell at West Point.

Louisville, Ky., Sept. 15.—The Hardin county grand jury will be called upon to investigate the sensational attempts to destroy the newspaper plant of the Beacon, a weekly newspaper at West Point, and the authorship of anonymous letters threatening Dr. Ben Morrison, the editor of the paper. S. D. Dempsey, a printer employed on the paper and whose life it had been thought was threatened by the unknown offender, has been arrested, and, in a confession, has admitted that he himself threw the stones through the windows which "pled" the type and destroyed the forms, and that he sent anonymous letters, one to himself and one to Dr. Morrison.

KILLING AT MIDDLESBORO.

Frank Zuliger Killed By Clay Colson Monday Afternoon.

Middlesboro, Ky., 15.—Frank Zuliger, formerly of Cincinnati but lately employed by the New South Brewery and Ice Co., of this city, was shot and killed Monday afternoon by Clay Colson. The shooting occurred in the barn room of the brewery and there were no witnesses. Zuliger was found shot through the head and a 38-caliber revolver with three chambers empty was lying by his side. The Colson family is one of the most prominent in Kentucky.

THINK IT WAS FOUL PLAY.

Body of William Middleton Found on the Track at Louisville.

Louisville, Ky., Sept. 15.—The mangled body of William Middleton, 24 years of age, was found on the Louisville & Nashville railroad track at a secluded spot half way between the roundhouse and Highland Park, at 5:30 o'clock Sunday morning.

The authorities believe that Middleton met with foul play, and that the body was laid on the tracks to hide a crime.

Three Nominees For State Offices.

Ashland, Ky., Sept. 15.—Ashland will furnish candidates for three of the most important state offices. Each of the parties are represented. Hon. S. W. Hager is a candidate on the democratic ticket for auditor; Hon. J. B. Wilhoit, candidate for lieutenant governor; Olaf Pearson, socialist candidate for secretary of state. The socialists will have a candidate for circuit judge and commonwealth's attorney.

Fought With a Catamount.

Middlesboro, Ky., Sept. 15.—J. F. Cunningham, a photographer, had a fight with a monster catamount at the edge of this city early Monday, and killed the animal with a rock. A Prolonged Drought.

Winchester, Ky., Sept. 15.—On account of a prolonged drought the water works reservoir is almost empty, and the company has been obliged to shut off the supply and reserve the remainder for fire protection.

BULGARIAN ARMY.

It Will Be Mobilized Unless Europe Exerts Herself to Prevent a Conflict.

BRITISH WARSHIPS TO BE SENT.

Representatives of Powers Advise the Sultan to Withdraw Bulgarian Redifs From Adrianople.

Greek Government Will Demand the Punishment of the Turkish Leaders Responsible for the Pillage of the Greek Villages.

London, Sept. 15.—The important note sent by Bulgaria to the powers declaring that unless the latter intervened in Macedonia Bulgaria will be forced to take such measures as she may deem necessary, is held to be a prelude to the mobilization of the Bulgarian army unless Europe exerts herself in some way to prevent a conflict. There is probably some connection between this eventuality and the decision of the revolutionists to revert to guerilla tactics which may be in order to reserve their resources for co-operation with Bulgaria.

It is announced in Sofia that Prince Ferdinand will return to the Bulgarian capital from Euxinograd in a few days when the government will take some decisive steps.

The Daily Mail understands that the British cabinet Monday resolved on naval co-operation with the powers in near eastern waters, and that British warships will shortly appear at Salonica.

A correspondent gives an authenticated case of the massacre near Monastir of 30 inhabitants who yielded on the strength of Hilm Pasha's proclamation guaranteeing their safety.

An Athens dispatch announces that Premier Ralli has formulated a demand for the punishment of the Turkish leaders responsible for the pillage of the Greek villages in Macedonia and the murder of their inhabitants.

It is said in Vienna that the representatives of the powers have advised the sultan to withdraw the Bulgarian redifs from Adrianople on account of their lawlessness.

The Sofia correspondent of the Times telegraphs that the situation has changed distinctly for the worse. He says:

The powers appear to be pursuing the same tactics which preceded the Graeco-Turkish war and the result will probably be similar. Instead of taking steps to check the barbarities committed in Macedonia, they have allowed matters to drift and are now trying to find a remedy in useless and irritating admonitions to the Bulgarian government. Count Lamsdorf, Russian foreign minister, and Count Goluchowsky, Austro-Hungarian foreign minister, have expressed the opinion to the other powers that an identical note should be sent to Turkey and Bulgaria warning them that in the event of war neither combatant could expect aid from the great powers and that the Austro-Russian reform scheme would be maintained and the status quo preserved.

THE BRITISH CABINET.

The Threatened Crisis Was Postponed Until Tuesday Evening.

London, Sept. 15.—The British cabinet held a secret session Monday evening.

The Daily Telegraph, which is probably the best informed, asserts that a cabinet crisis was postponed until Tuesday evening and that the discussion of the fiscal question will be continued at the resumed meeting Tuesday, but that whatever may be the upshot, Premier Balfour will neither resign, dissolve parliament, nor summon an autumn session.

MAJ. BETANCOURT WOUNDED.

Attempt to Arrest Armed Outlaws Near Seville, Cuba.

Santiago de Cuba, Sept. 15.—Reports of the presence of an armed party at Seville, near Aboney, Monday morning, caused Gov. Yero to send a force of rural guards who found the party, which is of unknown strength, and attempted to arrest the men. A fight ensued, in which Maj. Betancourt, in command of the rural guards, was severely wounded, but no outlaws were captured.

Constantinople, Sept. 15.—Official dispatches report that 100 insurgents have been killed in the district of Monastir, where the revolutionary bands are completely demoralized. At Kirchevo 90 insurgents have been killed and the Turkish troops captured two wooden cannon. Forty insurgents have been killed at Idor and the same number at Goriza.

JETT MURDER TRIAL.

The Defense Made Application For a Change of Venue.

Cynthiana, Ky., Sept. 15.—In the case of Curt Jett, on trial here for the alleged assassination of James Cockrell, at Jackson, Ky., July 31, 1903, Attorney Blanton renewed his motion and arguments for continuance made Monday morning in court and cited authorities for his motion. The motion for continuance was overruled, and he then filed the affidavit of Jett for a change of venue and said the affidavit was supported by two other affidavits, that of H. C. Veach and J. H. Keller, two men of this city. Commonwealth said that the change could not be made as no notice as required by the law had been given to the commonwealth, and Blanton asked for time until Tuesday morning to be given him that he might give the other side the requisite motion, that he would make affidavit for a change of venue. Judge Osborne was disposed to grant this time when the commonwealth attorney waived notice and then court was adjourned until Tuesday morning and then the case will be tried as to whether a change of venue will be granted. Blanton, the only attorney for the defense present, had a number of prominent citizens subpoenaed to come Tuesday morning and testify. Their testimony will be as to whether or not they think Jett can obtain a fair trial in this county, and being summoned by the defense they will testify for that side of the case.

AT MCKINLEY'S TOMB.

The Widow Placed Floral Tributes on the Casket.

Canton, O., Sept. 15.—Monday, the second anniversary of the death of the late President McKinley, was not observed by any formal program in Canton. Flags were lowered on public buildings, there were some short references made in the various departments of the schools to the life and death of McKinley, and carnations were worn as a silent tribute by numerous citizens. Mrs. McKinley in the forenoon made a special trip to the McKinley vault in Westlawn cemetery and placed floral tributes on the casket. Numerous floral pieces received from strangers were also placed in the tomb. Mrs. McKinley is in good health.

FIREMEN FORM A UNION.

Will Receive a Charter From the American Federation of Labor.

Pittsburg, Pa., Sept. 15.—It was learned Monday that the Pittsburg firemen have recently organized a union and will receive a charter from the American Federation of Labor this week. The organization starts with 550 members and the intention is to follow with the unionizing of the Allegheny fire department on Saturday next. When these two cities are thoroughly organized an international association will be formed by the federation with the object in view of securing better pay, with shorter hours for the fire fighters and a release from all political coercion.

NEW ELKS' NATIONAL HOME.

Two Members of the Board of Governors Have Been Selected.

Louisville, Ky., Sept. 15.—Grand Exalted Ruler Joseph T. Fanning, B. P. O. E., who was in this city Monday night, announced the selection of two of the members of the board which is to govern the new Elks' national home. Past Grand Exalted Ruler Meade E. Wetweiler, of Harrisburg, Pa., is to be chairman of the board, and the other named is Thomas McNulty, of Baltimore. Mr. Fanning stated that he had not decided as yet upon the third member of the board.

DEATH OF SAMUEL CRAIG.

Formerly He Was a Business Partner of the President's Father.

Augusta, Ga., Sept. 15.—Samuel Craig, born in New York 75 years ago, died here Monday. Long before the civil war Mr. Craig was a business partner of President Roosevelt's father. He was also a witness to the signing of the treaty between Japan and America which was negotiated by Commodore Perry. Mr. Craig came south some years before the war.

Boilermakers Declare a Strike.

Allentown, Pa., Sept. 15.—The local boilermakers' union Monday declared a strike for increased wages in three big shops. The demand is for 35 cents an hour for a nine hour day instead of 23 cents as now paid. Three hundred men are affected.

Will Meet in Buffalo in 1905.

St. Louis, Sept. 15.—The biennial convention of the Brotherhood of Railway Carmen of America, which has been in session here for the last week, Monday completed its business and decided to meet in Buffalo in 1905.

THEY SURRENDER.

Issac McGiehen and G. H. Huntington Gave Themselves Up to United States Marshal.

BOTH WERE PLACED UNDER BONDS

They Were Indicted in Washington in Connection With the Celebrated Postal Scandals.

District Attorney Beach Will Ask the Court to Increase the Bond of A. W. Machen, Who Was Repeatedly Indicted.

New York, Sept. 15.—Isaac McGiehan and George H. Huntington, of the Columbia Supply Co., who were indicted in Washington in connection with the postal scandals, surrendered themselves to United States Marshal Henkel in this city Monday. Bench warrants were issued for Huntington and McGiehan last week at the time of the arraignment of Geo. W. Beavers on the Washington indictment.

The prisoners were taken before Commissioner Ridgway and formally arraigned. Bail was fixed at \$5,000 for each of the indicted men. John Maffert, of Brooklyn, qualified as surety for McGiehan, and Mrs. Ellen M. McCarty, of Brooklyn, performed a like office for Huntington.

It was understood that with their lawyers the two defendants are to appear before Commissioner Hitchcock, who issued the warrant, Tuesday for formal arraignment on the charge against them.

Lawyer Ridgway said that neither of his clients had any statement to make and that when formally arraigned before Commissioner Hitchcock they would insist upon a full hearing in the matter.

"I am satisfied," said he, "that when the commissioner hears the government's evidence and our defense, he will decide that there is no proof of any conspiracy or any other crime, in fact, against my clients and order their discharge. We will insist that under the law we were entitled to a full hearing in this district and that this contention of the government that the certified copy of the indictment is sufficient evidence is all wrong. It has been the custom in the past to accord defendants when apprehended here a full examination before an order is issued extraditing them to the district wherein the indictment was returned."

Washington, Sept. 15.—District Attorney Beach has announced that he will ask the court here to increase the bail bond of August W. Machen, former general superintendent of the free delivery, who has been repeatedly indicted for accepting bribes and conspiring to defraud the government. He is now out on \$20,000 bond. Machen is said to have asked Senator Clay, of Georgia, to assist in his defense when brought to trial.

THE PUBLIC FUNDS.

Fifty National Banks Designated as Depositories.

Washington, Sept. 15.—Secretary Shaw Monday designated about 50 national banks in various parts of the country as depositories of public funds and ordered about \$4,000,000 deposited with them. Little of this money went to banks in large cities, the money going chiefly into agricultural regions and the southwest. The banks selected cover the country from Maine to the Pacific coast, Maine and Florida each getting a good share. Most of the distribution was in the cotton and the grain growing regions.

Grounding of the Massachusetts. Washington, Sept. 15.—The finding of the court of inquiry relative to the grounding of the battleship Massachusetts on Egg Rock Shoal, Frenchman's bay, on August 12 last, has been received at the navy department. The board exonerates the officers and crew of the Massachusetts and recommends that no further proceedings be had in the matter.

The man who refused the gift of a flag, made with such great labor, pains and patience, at the hands of a young lady recently, is the same that proffered protection to assassin Taylor, should he desire to come to the State of New York while the former was Chief Executive.

That was a most ungracious performance of President Roosevelt in refusing to receive the flag sent him by a young lady recently. It showed the style of the man exactly, as he wants to pose as possessing virtues equal to the ancient Roman Senators. It's not unlikely that had it been something of real value the lady would not have been treated with such incivility.

WHO IS RIGHT?

The BULLETIN appears to know more about the State finances than Governor Beckham does; and when he says that under his administration "the State debt has been decreased from \$1,000,000 to \$500,000"—as he stated in his Winchester speech—the BULLETIN promptly says it isn't so.

The esteemed BULLETIN is respectfully informed that the Ledger didn't say that Governor Beckham had paid off all the State debt excepting \$500,000. It was Governor Beckham himself who said that, and he said it with his little hatchet at Winchester when he pried open the campaign. Does the BULLETIN know more about it than does Governor Beckham?—Public Ledger.

In answer to the above the BULLETIN copies the following from Governor Beckham's speech at the opening of the State campaign at Winchester:

The financial affairs in Kentucky are now in the best condition ever known in the State. When the present administration came into power in February, 1900, the debt of the State was \$1,000,000, and \$500,000, or one-half of that debt, was created in 1897—during the Republican administration. In the last six months we have paid off that debt before its maturity with the exception of \$30,000, and the only reason we have not paid that is because we have not yet been able to have those thirty-six bonds presented for payment. We have the money to buy them with, and we hope by the first of the year to do so. The State is, therefore, practically out of debt—a distinction which is enjoyed only by three other States in the union. One-half of the debt would have been due in 1905, the other half in 1907. It has been paid out of some of the money collected by this administration from the national government on the Civil war claims.

These bonds were all bought at the most advantageous rates for the State—and at prices which earned for the State a better investment than our money does when placed at the regular interest in the State depositories. During the last three years of the Republican administration they had the highest tax rate we have ever paid, except in one instance many years ago, when it was the same, in addition to their doubling the debt of the State. In 1897 they raised the rate of taxation from 42 cents to 52 cents on the one hundred dollars, but they provided in the law that at the end of three years this tax rate should fall 5 cents, or be reduced from 52 to 47. This reduction therefore was timed not to take ef-

fect until the beginning of the next administration. It happened consequently that when we came into power in 1900, this reduction began, and the first two years of our administration we had to run on a 47 cent rate instead of a 52 cent rate, which our Republican predecessors had enjoyed. This reduction made a difference in our revenue the first year (1900) of \$346,347.32, and the second year (1901) of \$356,518.90, all of which would have been added to the revenues if we had been running at the Republican rate of 52 cents. This falling off in the revenues at that time made it difficult for us to meet the necessary expenses. The ruinous and riotous conduct of the Republican regime under Taylor left us the legacy of many extraordinary expenses, and a disordered condition of the State's finances. The General Assembly of 1902, therefore, found it necessary to increase the tax rate to 50 cents on the hundred dollars until the fiscal affairs should get in a normal condition again. That is the present rate, but I am happy to say, that by reason of the prudence, economy and business-like management of the Democratic State officials it will be possible for the General Assembly next winter to either materially reduce the present rate, or to so apportion it in the interest of the school fund that thereafter it will be possible, without additional taxation, to give a seven months' public school term instead of a five months' term, as now. This I believe would be a wise policy, and it is made possible by the financial management of the present Democratic State officials. And yet Mr. Belknap talks about giving the State a "business" administration! But we shall pay our respects to him on that subject later on. With all our debts and claims paid there will be in the State Treasury on the 1st of next January nearly \$1,600,000. The largest showing ever before made in the State. There is not a State in the union whose fiscal affairs can make a better showing than ours. Still Mr. Belknap says you ought to have a change. What will the people say? I think I know the Kentucky people too well to be uneasy about their verdict.

The editor of the Ledger has evidently gotten hold of a garbled report of Governor Beckham's speech. We can't believe Br'er Davis would intentionally make such a glaring misrepresentation, as he persists in palming off on his readers. And yet it had been repeatedly published, even before Governor Beckham's speech, that the present State administration had paid off all the outstanding debt except \$36,000. In view of all these facts it is inexcusable in the Ledger to persist in publishing that there yet remains a debt of \$500,000 to be paid.

INSTRUCTED FOR HART.

Mason's Delegation to Mt. Sterling Convention For Fleming's Candidate For Railroad Commissioner.

The county Democratic convention Monday afternoon to select delegates to the approaching district convention at Mt. Sterling was rather slimly attended. There is no contest on for the nomination for Railroad Commissioner, and it generally takes a fight to bring out the voters.

Hon. James E. Cahill was chosen Chairman and Mr. R. B. Holton, Secretary. A resolution offered by Judge Coons was unanimously adopted, appointing all good Democrats of the county delegates to the district convention, and instructing them for Hon. R. K. Hart, of Flemingsburg, for Commissioner.

Jolly Tom Slattery.

[Greenup Democrat.]

Jolly Tom Slattery, of Maysville, the Democratic nominee for Commonwealth's Attorney, was here last week getting acquainted with the people whom he will serve in that capacity for the next six years.

Mr. Slattery made many new friends while here, and his vote in this county will be as good as any Democrat has ever received.

Tom is in this race as a philanthropist. He is aware of the fact that Col. Daum is failing in health as a result of his strenuous work during the past six years in having indictments filed away, and Slattery is going to relieve him from his work.

Board of Trade.

A full meeting of the Board of Trade is called for to-morrow evening at 7 o'clock at the Masonic Temple. Matters of importance to be considered. Let all be present. JOHN DULEY, President.

An Address to Voters of Kentucky Issued by State Committee on Constitutional Amendment.

Gentlemen: At a Commercial Convention of the State of Kentucky, held in the city of Louisville on the 2d, 3d and 4th days of June, 1903, the undersigned were appointed a committee for the purpose of bringing the amendment to the constitution of the state which is to be voted upon at the November election this year, to the attention of voters of all parties in the state, and obtain for it the necessary number of votes to secure its adoption.

The amendment is purely a non-partisan measure, vitally affecting the interests of all citizens of the state, no matter what their party affiliations or occupations may be, or where their places of residence are situated.

The beneficial effects which will follow the adoption of the amendment are so vast that they can hardly be estimated. The evil that will result, if by any chance the amendment should fall of adoption, will be disastrous in the extreme to the best interests of the state.

The adoption of the amendment will not change in the least the present system of taxation in Kentucky for state and county purposes, as it applies only to taxes levied by cities and towns for their own local purposes.

The manufacturers, merchants and financial institutions in the cities and towns of our state are now tremendously handicapped in competing with those in other states by the provision of our state constitution which requires the same ad valorem taxes to be levied on all personal property by cities and towns, for their local purposes, as is levied by them on real estate within their boundaries.

This provision does not exist in other states in which the competitors of our manufacturers, merchants and financial institutions are located, so that our people in these lines of business are at a great disadvantage in competing with those of other states, and the result is that our existing industries do not grow as they should, new industries are not established in our state in as large number and importance as in other states which do not possess anything like our natural advantages, but in which taxation is not nearly so burdensome and onerous as in Kentucky.

The provision of our constitution which the amendment, after its adoption, will cure, also operates to drive capital from our midst, and compels that which remains with us to charge us higher interest rates when we borrow money than we would have to pay if money used in banking and financial operations was not taxed so exorbitantly for municipal purposes.

Farmers and country merchants of Kentucky, don't make the mistake of thinking the adoption of this amendment will not beneficially affect you.

If you want existing factories in our towns and cities to grow, so as to give employment to more men; if you want new industries to be established, employing still more men; if you want more consumers for your farm products and more buyers at your counters; if you want lower interest rates when you borrow money; if you want to lessen your state and county taxes; in a word, if you want as much prosperity throughout the length and breadth of our grand old commonwealth as prevails in other states, then vote for the amendment, and get your neighbors to vote for it.

Every existing factory enlarged, and every new factory brought into Kentucky through this amendment to our constitution, means

Lower State and County Taxes.

19,862 Pounds of Freight Received This Week.

Our buyer is still in New York. Has been there for six weeks. He cannot get away. He writes that the correct styles for this fall in Cloaks and Suits were just decided and settled this week. He has expressed us a few Coats in silk and a few tailor-made Suits to show the new styles. We like them very much. So will you. Have already sold some. Come and get the correct ideas. What we received this week:

BABY CLOAKS AND CAPS—Quite a variety. Mostly white. The Caps are under price.

FLANNELETTES—They can hardly be distinguished from the French Flannels. The price makes the distinction. 10c. to 15c.

OUTINGS—Pretty as silks. Buy early and get the exclusive designs. We bought these eight months ago. The mill from whom we purchased these sold their entire production in three days. 10c. yard.

WAY UNDER PRICE—Oxblood Striped Linens. Worth 50c. yard. A shrewd purchase allows us to sell them at 25c. That's what we call a genuine bargain. The quantity won't last long; the goods will though.

CANTONS AT LAST YEAR'S PRICES—600 pieces received this week. 5 to 15c. Everybody buys Cantons here.

Table Linens, Muslin Underwear, more Dress Goods, Danish Cloth, etc., are among the new arrivals.
